*To Whom It May Concern*

*Please consider this a letter of recommendation for Philip Salter.*

*Philip has been a valuable painter for the Weston Pointe development on Longboat Key since April 2008. He has painted all 13 homes outside and 2 inside so far in this development and everyone is very pleased with his work.*

*I have left my home in his care this past summer for inside painting and upon my return all the furniture was put back in its place and everything cleaned up. I was very pleased with the end results and was impressed with the timely manner in which the work was done. When presented with challenges, Philip has the gift of figuring out a solution.*

*Philip is a very accomplished tradesman and demonstrates experience, credibility, competence and confidence in his work. These assets certainly generate success in his chosen career.*

*I have no reservations, whatsoever, in recommending Philip to prospective customers.*

*Sincerely,*

*Donna J. Phillips*
